2. Assignment Name: Preparation of resettlement Action Plan (RAP) for Tertiary canals in Lower Nzoia Irrigation Development Project Phase One.	Country: Kenya
Location within Country:	Siaya and Busia County
Name of Client:	Ministry of Water, Irrigation and Sanitation
Name of Project	Kenya Water Security and Climate Resilience Project
Project Financiers	World Bank
Name of executing partners	Zamconsult Consulting Engineers LTD
Clients contact person for the assignment.	Eng. Zablon Oonge <a href="mailto:oongezi@gmail.com">oongezi@gmail.com</a> Address: P.O. Box 68221-00200 NAIROBI, KENYA Email: <a href="mailto:zamconsultltd@gmail.com">zamconsultltd@gmail.com</a>
No of Staff-Months	Duration of Assignment: 6 Months
Start Date (Month/Year): November, 2020	Completion Date (Month/Year): April , 2021
	Approx. Value of Services (Kshs. 800,000)
Description of project Tasks: a) To review and update the project's existing RAP, in order to enhance compliance with the applicable Government of Kenya Laws and the relevant World Bank policies, standards and guidelines. Specifically, reference should be made to the	

World Bank operation policy 4.12 on Involuntary Resettlement and where the Lender's standards are confirmed to hold a wider scope than the national provisions, the former are expected to take precedence and the RAP is required to provide accordingly.

- b) To verify, review, and, update the census survey undertaken to ensure that all potential PAPs eligible as per the cutoff date and the involuntary resettlement impacts of the proposed project are identified and appropriate measures to remedy resettlement effects and safeguard livelihoods are recommended.
- c) To undertake socio-economic survey of the PAPs and ensure that baseline data are generated for the purposes of monitoring and evaluation during the project implementation period.
- d) To verify and update the asset inventory survey and ensure that all potential assets that will be affected by the proposed project are enumerated, valued and costed.
- e) To map out the affected properties (structures, crops, trees, fences) using the GPS with an accuracy of 1 metre in UTM Coordinate System
- f) To verify compliance with the Bank's Involuntary Resettlement Policies and any other laws on relocation and resettlement regulations that govern the infrastructural development sector
- g) To provide guidelines/strategies to enhance stakeholders and PAPs participation in identification, implementation and monitoring of processes to minimize resettlement impacts of the project. The guidelines will include a stakeholder management framework (stakeholder analysis, stakeholder matrix and communication plan) for the management of stakeholder activities through the project cycle.
- h) To recommend cost effective and sustainable measures to be implemented to restore and enhance the livelihoods of the vulnerable affected people.
- i) To prepare a revised Resettlement Action Plan (RAP) report compliant with Government of Kenya (GoK) regulations and the Bank's policies, standards and guidelines.

Position held by Staff from the firm: Lead RAP expert.
